## Lake Stevens Fire rewards Little Heroes

JOURNAL STAFF

The term hero is often heard and well deserved in the case of nine-year-old James Day and six-year-old Justin Day who are credited with saving their grandmother's life on January 20. The two young Lake Stevens residents ran to the neighbor's house for help and called 911 for their grandma who was in need of urgent medical attention.

On Tuesday, January 25, Lake Stevens Fire recognized the boys for their actions and presented them with a "LSF Little Heroes" award. To help celebrate their life-saving knowledge, responding crews and Fire Chief Lingenfelter brought doughnuts to share with the boys' classes at Mt. Pilchuck Elementary.

Fire Chief Lingenfelter commented, "Timing can be critical when it comes to a medical emergency. We can all learn an important lesson from James and Justin, and that would be to call 9-1-1 when we recognize an emergency situation." Congratulations James and Justin on a job well done.
